The quick to bust your ass niggas
Do anything in this world to get the cash niggas

Rob them and get away in a car and crash niggas
Whats the world gonna do when I drop the smash nigga
Iron all in your face don't make me pull the trigga
Another reason for me to have to poor my own swigga
Thought I was posing for word up but a fed took my picture
Surgeon general I represent the underneath

The worlds greatest f**king thief
Brick layer hardcore smash your front teeth
Wilding it straight giving their mother mad grief
Rob a nigga strip him down leave him in his briefs
Do so much dirt the priest asked me to turn another leaf
Made the priest flip change his whole belief
Started wildin in the club with them niggas starting beef
