

Butch Walker, Ladies And Gentlemen... The Let's

I'm tired, i'm bored,
Where's the cocaine
Things don't get started til midnight
In my brain
Called up marie, that had sex for free
I asked her to give back all my records
And jeans
I cant seem to, no matter how hard i try
To outdance the dancefloor
So everybody woke, telling the same joke
And singing the same chorus to a song
That hasn't even been wrote
Don't know how to lead, just follow along
There is no right or wrong way for certain
Make up your own version sing along
What's it this week?
Perhaps a little game of poker?
And the import by the
"Lets Go Out Tonights"!!!!!!!
That'so over
Gimme a razor,
Not to cut myself
And talk about it
But to shave off your beard,
Your look better without it
Lions and wolves are the latest..
Oh my so 8 months ago...
Nice try
