

Butt Trumpet, Clusterfuck

I love you but I f**k your friends
I love you but I f**k your friends
I love you but I f**k your friends
At the same time
All at once
We have fun
We clusterf**k
Why are you leaving me?
Why are you leaving me?
Why are you leaving me?
Is it because
I have fun
With your friends
And clusterf**k?
Why should I make amends
Just 'cause I get naked with your friends?
That don't make no sense at all
That's no reason to leave-no reason at all!
I love you but I f**k your friends
I love you but I f**k your friends
I love you but I f**k your friends
At the same time
All at once
We have fun
We clusterf**k
Clusterf**k
Clusterf**k
Clusterf**k
We clusterf**k
Clusterf**k
Clusterf**k
Clusterf**k
We clusterf**k
