

# Butterfingers, Get Up Outta The Dirt

There's never been a better time than right now  
To get up outta the dirt  
Out the dirt  
There's never been a better time than right now  
To get up outta the dirt  
Out the dirt

If you sniffle 'cause your life's difficult, that's typical  
What you get, what you give  
Karma is reciprocal  
And I'm critical of people on my nuts  
Can't see why I'm crippled but they're stuck up in their ruts  
Quick to make a fuss and to bust up the bubble  
So this is my rebuttal too, we like 'em when they're trouble  
I got a couple of bones to pick  
It's your life, don't whine, take ownership  
Get up, stand up, throw your hands up  
While high check your mind back for propaganda  
We're there to slander  
Truth to candour and it's good for the goose as it is for the gander  
Every gamut of the planet reaps what I sow  
So forget about your hair and forget about your clothes  
Same goes for your woes for the moment is priceless  
Puberty blues becomes midlife crisis SURPRISE!  
You get wiser, older, fatter  
Lose your mind and control of your bladder  
Mad as a hatter, pissin' in your pants  
But everybody's ugly if you give them a chance

There's never been a better time than right now  
To get up outta the dirt  
Out the dirt  
There's never been a better time than right now  
To get up outta the dirt  
Out the dirt

This isn't an attack or a lack of compassion  
But you gotta get yourself back in the action  
Tap into your passion and follow it up  
Either that or let the madness swallow you up  
How full is your cup, half-full or half empty?  
You're the envy of plenty, tread gently  
Apathy is deadly and if you got seeds of doubt  
That need to sprout, you need to weed them out  
I read about people with real cares  
And feel for those getting killed in Zaire (actual &quot;feel for the hunger stricken killed in Zaire&qu  
Children die there from extreme poverty  
In perspective my problems don't bother me  
Think positive, forget about the negative

There's never been a better time to get your shit together, it's  
Bad etiquette to bitch and moan  
With your nice clean clothes and your mobile phone  
If you can't see your feet 'cause you over-eat  
And that's your biggest problem then your life is sweet  
Not sleepin' on the street then you probably got it good  
Get up, put your head up, if you can then you should

There's never been a better time than right now  
To get up outta the dirt  
Out the dirt  
There's never been a better time than right now  
To get up outta the dirt

Out the dirt

Stand up straight  
Stand up straight!  
Don't take no shit  
Don't take no shit!  
Hands on your shoulders, shoulders on your hips  
It's time for a change  
Time for a change!  
So make it swift  
So make it swift!  
You're only getting older with the lifeline that you live

There's never been a better time than right now  
To get up outta the dirt  
Out the dirt  
Get up stand up, throw your hands up  
While high check your mind back for propaganda  
There's never been a better time than right now  
To get up outta the dirt  
Out the dirt  
This isn't an attack or a lack of compassion  
Out the dirt  
But you gotta get yourself back in the action

There's never been a better time than right now  
Right now!  
To get up outta the dirt  
Get up outta the dirt!  
Out the dirt  
Get up outta the dirt!  
There's never been a better time than right now  
To get up outta the dirt  
Get up outta the dirt!  
Out the dirt  
Get up outta the, get up outta the dirt!
