

# Butterfly Boucher, Never Let It Go

If I find that love I've known before  
(I'll never ever never ever let it go)  
(Never never let it go)

If I find that love I've known before  
You know, I could never let it go  
Away  
Not again  
This time, I couldnt never let it go

Whoah  
Another song about love  
Gone right  
Whoah

But my stories are too sweet

If I find that love I've known before  
You know, I could never let it go  
Away  
Not again  
This time, I could never let it go  
Away  
Not again  
This time, I will never let it go

Whoah  
How about a round of applause  
For love  
Whoah  
I'd love to show love the cause  
One thing  
The end, is surely with you  
Whoah

If I find the love I've known before  
You know I could never let it go  
Away  
Not again  
This time, I could never let it go  
Away  
Not again  
This time, I could never let it go  
Whoah....

Never let it go (whatsoever now)  
No, no, no, no, no, no, no
