Buzz Poets, Mayday

You might say I'm crazy You might say I'm blind Through these eyes it's hazy But I can read your mind [CHORUS] Run away another day tonight I'm gonna take you home Hollow in the hemisphere the stars are falling down like stones I am standing all alone Shouting through my megaphone Callin' for a mayday Callin' for a mayday Hey! Hey! Hey! You might say I'm lazy But I wrote this song You might think I'm crazy But my game is strong [CHORUS] Mayday, Mayday, Mayday, I'm gonna take you home Ready, ready, ready, rockin' the boat with bone Steady, steady, steady, we gonna flow upstream Lady, lady, lady, I'm gonna make you cream [Lyrics & amp; amp; Music by Tripper]
