

# Buzz Poets, Sparkle And Shine

Well, I knock on your door but you won't let me in  
'Cause you're lying on the floor with a devious grin  
I'll try again, it just takes time  
Well, I follow in my ride but you won't let me pass  
But my big wheel bike don't go very fast  
I'll try again, it just takes time

(CHORUS)

Well, come, come follow me, come, come follow me  
Sparkle and shine

Lady givin' me, lady be givin' me love all the time

Come, come follow me, come, come follow me

Sparkle and Shine

Lady givin' me, lady be givin' me love all the time

Sparkle and shine

Well, I hop in the sandbox at recess time

You give me a wink and I know you're mine

I'm on cloud nine, and it just feels fine

Well, we hop behind the bushes for a quick wet kiss

Teaher sends us off for detention trip

I'm on cloud nine, and it just feels fine

(CHORUS)

I riggety rhyme and sparkle and shine and play with your mind and sing  
in the sunshine.

I riggety rhyme and sparkle and shine and play with your mind I'm having  
a good time

Baby come sex me all of the time

Baby come sex me all of the time

Here I come, come with a rubadub rhyme

Baby come sex me slow
