

# Buzzcocks, Useless

Life's full of disappointments  
Wonder where the good times went  
Craving for recognition  
Rather than accomplishment  
Nobody cares what your name is  
And it's gonna stay that way  
Everything's off the record  
Face it there's nothing to say  
Life's only temporary  
And then you fuckin' die  
It's a useless situation  
Can't you see that i'm  
Between patience and persuasion  
Every single time  
Mingling amongst the masses  
That much would be enough  
You used to be my rival  
Quit when the going gets rough  
I never witnessed the moment  
When all you ever wanted was me  
Understand now the penny's dropped  
Pissed off bunny not happy  
Don't wanna think about it  
It makes me fuckin' mad  
It's a useless situation  
Can't you see that i'm  
Between patience and persuasion  
Every single time  
It's a useless situation  
Can't you see that i'm  
Between patience and persuasion  
Every single time
