

# By Heart, Monster

So you have the nerves to say  
Say you are my friend  
After all you made me do  
You will always be the one to blame  
Until you feel the same

So you did the best you could  
Only for a while  
Maybe I'm a fool again  
Pulling you inside the burning flame  
Until you feel the same

So you have the nerves say  
Say you are my friend  
I will never welcome you  
I'm the beast, I know can't be tame  
Until you feel the same
