

By The Tree, Consume Me

mere words, in my heart be amazed
to speak of you, my contingency upon your name
my frailties to disobey the things i've heard and seen
by grace through faith i know that you will reedeem

(bridge)
to seek you
to find you
to let your spirit dwell in me
spirit come, spirit come and have your way in me
to have your way (2x)

(chorus)
consume me Lord
and lead me to the place where i can find you (2x)

my heart may fail
and you know my flesh is weak
and i know all of these things you desire to give if i would only seek you
out and above all of these things and to know and love you more
so i come to you and knock will you open up the door

(bridge)
to seek you
to find you
to let your spirit dwell in me
spirit come, spirit come and have your way in me
to have your way (2x)
