

# By The Tree, Miraculous

glory nailed onto an old cross  
finding all that we've lost  
newing all that once was old  
God in human form descended  
the brokenness was mended  
that's the greatest story that was ever told  
and this light- it don't stop shining  
and they can't take that away from me

and what a miraculous thing it is that You know me- God, that you know me  
and what a miraculous thing it is that i know You- Jesus, I know you

heaven opened like a floodgate  
a single drop of blood made the universe turn upside-down  
deeper that the nails were driven, is the more sin was forgiven  
it's Jesus' death that keeps me living now  
and this life- it don't stop shining  
and they can't take that away from me

and what a miraculous thing it is that You know me- God, that you know me  
and what a miraculous thing it is that i know You- Jesus, I know you

you may say 'it's just a story'  
but God and all his glory  
walked among the poor and the broken  
the poor and the broken  
the poor and the broken

and what a miraculous thing it is that You know me- God, that you know me  
and what a miraculous thing it is that i know You- Jesus, I know you
