

# C-BooL & Skytech, La La Love (feat. Giang Pham)

I hear voices in my mind  
I have never felt so strange  
my mind's spinning  
I see almost like a teen  
new beginnings

I hear words I've never heard  
And don't know if I am prepared  
For this moment  
But this feeling turns me on  
I am happy and I am strong  
My heart's open

something happened now  
But I don't know what  
Maybe it's the time  
That I fell in love

baby, dance whit me  
but don't change this song  
now I know for sure  
Why I fell in love  
Why I fell in love

Why I fell in love  
Maybe it's the time  
that I fell in love  
Why I fell in love

something happened now  
But I don't know what  
Maybe it's the time  
That I fell in love

baby, dance whit me  
but don't change this song  
now I know for sure  
Why I fell in love

all the voices in my head  
tell me it is not so bad  
it's so crazy  
and this feeling turns me on  
I am happy  
I am so strong  
listen, baby

something happened now  
But I don't know what  
Maybe it's the time  
That I fell in love

baby, dance whit me  
but don't change this song  
now I know for sure  
Why I fell in love  
Why I fell in love

Why I fell in love  
Why I fell in love  
now I know for sure  
Why I fell in love

something happened now

But I don't know what  
Maybe it's the time  
That I fell in love

baby, dance whit me  
but don't change this song  
now I know for sure  
Why I fell in love

La La Love  
La La Love  
I know it's the time  
that I fell in love

La La Love  
La La Love  
Now i know for sure  
Why I fell in love
