

# C.C. Catch, Backseat Of Your Cadillac

Touch my heart - a fool I am  
My dreams fade away  
Oh, I know you are my friend  
feeling stronger every day  
Do you wanna ? - sentimental lady  
Do you wanna ? - be my baby  
Do you wanna break my heart?  
over and over again

In the backseat of your Cadillac  
Oh baby, ooh you make me mad, so mad  
In the backseat of your Cadillac  
I want to have my feelings back  
Oh, kiss me with devotion  
all I want is you  
Oh, kiss you and hold you and touch you baby

What does it take my heart to win back your love?  
I never tear apart my baby - I never get enough  
Do you wanna ?- sentimental lady  
Do you wanna ? - be my baby  
Do you wanna try my heart ?  
Over and over again

Try me my love  
Fly with me - I'm lost in love  
(give me your emotion)  
Try me, my love  
My love, my heart and soul
