

# C.C. Catch, Big Time

When I look at you - and everything you do  
It makes me feel so good inside  
Big time - anytime you kiss me I feel great  
Big time - anytime you kiss me I can't wait  
Can you still remember the things we used to say  
Won't you please surrender  
We're gonna make it right today

Got you - I want you - stay

Let's have a big time - you and I  
Just wanna have a good time - when we fly  
Let's have a big time - yeah-ah-ah  
Just wanna have a good time - when we fly

A sign of love behind my tears  
I'm gonna tell you that I'm misunderstood  
I can't believe it you walked away  
Do you remember - what we said

Let's have a big time - you and I  
Just wanna have a good time - when we fly  
Let's have a big time - yeah-ah-ah  
Just wanna have a good time - when we fly

Now I'm next to you - so the dream is true  
It makes me feel so good inside  
Big time - anytime you kiss me I feel great  
Big time - anytime you kiss me I can't wait  
Feel that sweet surrender -just like yesterday  
We are strong together  
We gonna make it right today

Got you - I want you - stay

Let's have a big time - you and I  
Just wanna have a good time - when we fly  
Let's have a big time - yeah-ah-ah  
Just wanna have a good time - when we fly

Let's have a big time  
Let's have a big time - yeah-ah-ah  
Big time - big time

Let's have a big time - you and I  
Just wanna have a good time - when we fly  
Let's have a big time - yeah-ah-ah  
Just wanna have a good time - when we fly
