

C.C. Catch, Stay

Daydreamers
Lightly broads
ABC of love to me
Troubles stole my paradise, maybe
Love fools hearts, love fool him
It's too hot too stop maybe
Stay with me tonight
Keep the love alive

Stay, and listen to your heart
I'm hungry for your love
You always play your game tonight
Two round never make it right
Oh baby, stay
I wanna be your heart
Let's try a brand new start
'Cause I'm the one to be your love
I dry the tears I never show

Wasted days and wasted nights
Saved my love for you
Always hoped
The one your love is true
Almost fire of desire
Are the ways of love to me
Stay by me tonight
Only love survive
