

C21, She Cries

I've been trying to believe
I've been trying but it's over

She's been hoping for
that you will find your love again

I'm flying paperplanes
With all the letters she writes

Why don't you realise now
That everytime you break it

She cries
Haven't been around to see her
All night
Haven't been around to hold her
I try but she cries
Haven't been around to tell her
That I try the best that I can

Words don't change the way I feel
Don't deny it to be better

She's been close to me
And I don't wanna lose a friend

I've been looking for a way
To say I'm sorry

She's been waiting for you
But everytime your gone

She cries
Haven't been around to see her
All night
Haven't been around to hold her
I try but she cries
Haven't been around to tell her
That I try the best that I can

You don't wanna make it stop
I think I have seen enough
Things have just been way to rough
Tired of the same old bluff
I don't wanna make you cry
I just wanna say goodbye
I don't need your seek and hide
Living on the same old lie

She cries
Haven't been around to see her
All night
Haven't been around to hold her
I try but she cries
Haven't been around to tell her
That I try the best that I can
