

# Cadaveres De Tortugas, Escape Song (Release

If I can't be your friend, I will be your enemy  
Try to destroy me, before I destroy you  
Try to burn me, yeah, burn me, yeah, burn me, yo  
But be aware, my flame can burn you down

It's too late now to hide - Your soul is mine  
You know all sins bring forth a brand new sin

Tear my flesh, feed my pain, drink my blood, I don't care  
My evil thoughts will haunt you till your last breath  
Your scream won't be heard by no one but the inner man  
Who slowly addles you and paints your mind red

It's too late now to hide - Your soul is mine and  
my revenge needs blood and pain

I release my demons giving you back  
All the pain that you caused  
It tears me apart, but I don't mind  
I can't hold them back anymore  
I release my demons and separate  
right from wrong, it's my escape song  
I release my demons and eliminate  
everything, yeah, everything  
That holds me back  
You can't hold me back  
This is my final attack

This is my point of no return, I got no way back  
My poisoned mind's ready to spread disease  
I'm down to zero. Disillusioned. This is how I feel  
But my collapse will destroy my enemies
