

# Cadaveres De Tortugas, Here I Come

Don't think I'm yours  
Don't try to own me  
I live my own life  
Let me live free

Don't wanna f\*\*k with me  
You're talking shit I see  
And you can easily  
find the devil in me

Step back, step back  
Here comes my turn  
Step back, step back  
You'll see your body burn

It's just a goddamn lie  
That you hide behind  
You've got the power of wealth  
But I've got my pride

I could give up the fight  
But I'm not that kind  
'cause I know deep inside  
Truth is on my side
