

Cadaveres De Tortugas, Salvo Karma

I'm the slave of my past
More and more
Life never gonna be
Like was before
I can't digest
What I have seen
Silence inside
Makes me scream

Hold me please
Into your arms
My damn journey
It only starts
I'm too weak
to stop this painflow
Take my body
and let me go

Voice - comes from above
Noise - rips my head off
A sign - brings me bow down
Lights - go out in me

I'm blind to see:
You come near to me
My brain falls asleep
To a dream so deep
I feel your breath
Burns on my skin
I'm tired of this fight
Where no one wins
