

Cadillac Moon, In The Kichen With Rosie

(Campbell, Deery, Nugent, Santoriello)

Come Friday night your appetite is needing satisfaction.
Best place I know for you to go and get some gratifaction
Hop a bus, take a train if you got no car start hitchin'
But don't you waste one minute, man get down to Rosie's kitchen
She adds spice, so nice. She's got them buttered scones
My tip - french dip. Make the meat drop off the bone
Where's Fred? bakin' bread! In the kitchen with Rosie
Where's Pete? poundin' meat! In the kitchen with Rosie
Where's Lou? gettin' stewed! In the kitchen with Rosie
When you get twitchin' Scratch your itchin'. Do some cookin'
In the kitchen with Rosie. In the kitchen with Rosie
Well her recipes are bound to please. Of that, there's no denyin'
Seal your fate with just one plate. Brother, I ain't lyin'
It's good advice, paradise is the spot that I'm pitchin'
Don't you waste one minute, man. Get down to Rosie's kitchen
Main course: hotsauce. Serve it up nice and tasty
French fry, baked pie. It's enough to drive you crazy
