

# Caedmon's Call, Love Is Different

Well it looks like five thousand miles  
Broke the camel's back  
But it's not as though I had a plan  
To win you back  
Because I don't know what I want  
But at least I know that much  
I'm afraid love came right up  
And slapped me in the face  
But I did not know, no  
Cause...

(chorus)

Love is different than you'd think  
It's never in a song, or on a TV screen  
And love is harder than a word  
Said at the right time, and everything's alright  
I said love is different than you'd think

And so I won't expect a postcard  
From Trefulgar's square  
But I'd be lying if I said  
I didn't care  
Because you can't just turn it off  
And put a blindfold on your heart  
But I'm off to a good start  
We're a continent away  
But I do not know, oh no  
Cause...

(chorus)

(bridge)

Maybe you're the dream I'm waking from  
But I see you everywhere I go  
Darling, you are such a mystery to me  
You know, don't you know that...

(chorus)
