

# Caedmons Call, What You Want

You're softer than a cannon blast  
But your effects much longer last  
And I want you just like a hole in my head  
But I need you like a meal and a bed  
And you say, "Come on, I'm not what you're after."  
But I know you're not just anyone, anyone

(chorus)

But I'm not what you want  
No, I'm not anyone  
But if you needed me  
Then I could be someone

And you're an army in a horse  
And you have taken me by force  
And all the freedom in this world could not resist  
The sweet temptation of your sweet elusiveness  
So I say "Come on!" as the gate swings open  
Cause I know you're not just anyone, anyone

(bridge)

And the lie's always cheaper than the truth  
But the lie's all I've ever known of you  
Maybe none of this is true
