

# Caesars, Anything You Want

I'm easy to pick up on  
But you won't,  
You know what's good for you  
cause i know just how to use you  
Not play you like a fool  
I'll make you kiss my boots and

Baby that's why  
I'll say anything that you want to hear  
I'll do anything that you want me to

I'll put on my rubber mask for you cause  
Baby i aim to please  
And i'll ride you like a pony  
So get on your hands and knees  
I'll chain you to the bedpost

I'll show you how  
I'll say anything that you want to hear  
I'll do anything that you want me to  
Yeah that's alright

I'll take an even lot of me  
I'd like to see you try  
I've got a leather belt to whip you  
When you've been bad  
I'll put you on a leash to choke you

Yeah that's alright  
I'll say anything that you want to hear  
I'll do anything that you want me to  
Yeah that's alright
