

Cage 9, Vicious Circle

Vicious Circle

Crash n' burn like rock n' roll
Got no future, got no soul
You say you know
I'd say you don't know better.

Eskimo in summertime, (summertime)
out of touch and out of time. (out of time)
A one eye-man in the kingdom of the blind.

Vicious circle,
you know it's comin' around.
I'm not gonna stand here n' put other people down,
but I gotta' say...

It got into me when I was a child,
burnt my ears all sick and wild.
N' all the good people - they just smile.
But it ain't like the headline read.

Rock Ain't Dead.
Rock Ain't Dead.
Rock n' Roll Ain't Dead
Rock Ain't Dead
It's just been murdered.

Hey I'm guilty yes I know.
Blame it on the rolling stone.
At least I know what I'm gonna do about it.
Like a messed up nursery rhyme
'Want to hear it one more time.
Shallow minds get deeper every time.

Pre- Chorus

I know where I'm goin'
I know where I've been
I know where I'm goin'
Time n' time again.
