## Cage, Ballad Of Worms

[Sample from I Would Hurt A Fly by Built To Spill x 4] Feeling bad as me

What kind of God is this? Gave me the hottest bitch

Then took the life from her chest and left a pile of shit

Sloppy with a fork, so Chris gotta feed her

To numb to cum, sometimes she piss while I eat her

I tell her, keep her head up

Even though I gotta hold it up for her

and she seizure when she try and get up

I know I'm perking her

But can't stop what's hurting her

No sleep with her screaming all night, I'm thinking of murking her

Her parents paid for the coffin and left state

After signing the contract, do not resuscitate

Yellin' for mommy

I dip in the morphine to calm me

I'm known in town as the creep that's into zombies

[Chorus: Sample x2]

I can't get that sound you make out of my head

I can't even figure out what's making it

Stare in her eyes to look past horror

Morphine tolerated, I'm out coppin' horse trang for her

Like I won't have to go through hell again

Her skin is like saran wrap, barely hangin' from her skeleton

With each one of her ribs defined

My crib's designed

To keep the light out cause she can't lift the blinds

Drifting behind, I'll be outta friends soon

Nobody visits the guy that keeps the body in his bedroom

She's barely alive and taking life from me

With no appetite but the meningitis is still hungry

Wants to make love

But I had to substitute it with holding hands while we take drugs

## [Chorus]

She's cold as a corpse

And still holding The Source

Up in the air like: "One day the cover is yours"

Took the IV out her wrist

Tried to give me a kiss

Before I tasted her lips, she dislocated her hips

Started shaking

Couldn't feed her no medication

To scared to beat on her chest in fear It'd cave in

Death waved again and each time leaves her

In a coma, for a week, to wake up to more seizures

But this time ain't like the rest

I can see right through her chest

And see her heart ain't got no fuckin beats left

Then a voluptuous ghost falls from a host

Looking like she did in High School then fades when I get close

## [Chorus]

[Singing x4]

Feeling sad as me
