

# Cake Bake Betty, The Charge (Knockturnul)

I can't, I can't hear  
I see, I see your nose  
Baby said when the poison's in the river  
We will know, know our home

I wanted to chew on this  
I wanted to trace your list  
These days we are too rough and  
I lost him too  
We walked in black and blue black and blue

I can, I can feel it  
I call, called your name  
Baby said when the carpet gets the better  
We will know know the same

When you are not too sturdy  
I haunt you, oh, you hurt me  
When you are not too dusty  
I'll grant you right to touch me

Go, go now  
Go, go now  
Go, go now  
Go, go now

Why I'm counting I don't know  
Perhaps my markings show  
And so it goes  
Until I can't see over balconies  
In the maple tree  
The mariners are good to me  
They bring me honey goo  
And my arms are sleeping  
Yes it's leaving me  
So let us breathe in deep  
And the lock is not forgotten  
No the lock does not devour souls

And oh, I'm taking her home  
She's sick as a dog  
Her arms may fall off  
And inside the box, I'm dreaming of loss  
I've nothing of him, I wait for his soul  
The hills are below, the filter does know  
And when this hole dries  
We'll shut both our eyes

For in my heart I am trying to lie  
Lie still as I wake you up  
Her grandmother sleeps in the bedroom now  
And when it's all done, I am giving  
I am giving, I am giving up

Cause I never loved you  
And you never loved me  
That's just how you struck me

Cause I never loved you  
And you never loved me  
That's just how you struck me

And I'm not going to wait  
For the sun to pick me up at night

Oh lord is,  
Oh lord is this my ship coming in?  
I'm not ready  
I'm not ready for this
