

# Cake Like, Don't Tell

Help me to sleep  
I breathe but don't sink  
I can't undo what I've done  
Let sleep drug me  
Oh please, oh please, oh...

Take me home  
To lounge around  
Take me home  
Oh, whoa, oh...

I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this face  
(I'm not afraid)

Help me, I'm weak  
I dove too deep  
I can't recall what I've done  
But I'll never speak  
Don't tell, don't tell, don't...

Take me home  
To lounge around  
Take me home  
Oh, whoa, oh...

I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this place  
(I'm not afraid of you)  
I don't like I don't like this face  
(I'm not afraid)
