

Cake Like, God's Alright

Just into town and already saved
Quick fix - To find god you have to pay
Say goodbye and pray

Catch the fever
And let them take your mind

Praised since the day that you came to town
Baptized by the light you just might drown

Catch the fever
And let them take your mind

(I can't feel - is this for real - I can't feel)
It's alright
(Touch me please - I'm on my knees - touch me please)
It's alright
(Hold my hand - help me to stand - hold my hand)
It's the devil in you
(I can't feel - is this for real - I can't feel)
It's alright
(Touch me please - I'm on my knees - touch me please)
It's alright
(Hold my hand - help me to stand - hold my hand)

It's all, It's all, It's all, It's alright
