

# Cake, Thrills

Man is born, man lives, man dies  
and it's all vanity  
and that's about the way it is with the merry-go-round  
you get on  
you go around  
standing in the saddle

Man is born  
man lives  
man dies  
and it's all vanity  
He tried thrills  
he said "I gave myself to enjoy pleasure"  
What are teenagers doing today?  
They're trying every thrill there is in the books  
We've got colored TV  
but it still isn't satisfying  
Man is born  
man lives  
man dies  
and it's all vanity

You can't understand it, it's going so loud, and so forth,  
and they're all wigglin' and wobblin' around and everything else and  
and yet, they feel unsatisfied  
and these disc jockeys they hear the tone that is different  
hear the tone that is different

Man is born, man lives, man dies  
and it's all vanity  
You can't understand it, it's going so loud, and so forth,  
and they're all wigglin' and wobblin' around and everything else and  
and yet, they feel unsatisfied  
and these disc jockeys they hear the tone that is different  
hear the tone that is different

Man is born, man lives, man dies  
and it's all vanity
