

# Cal Smith, Life Of The Party Charlie

Here comes old life of the party Charlie he's a funny funny man  
And every party Charlie is the life  
Everyone's in love with the life of the party Charlie settin' me  
And I love Charlie's wife

Everytime there's party old Charlie always there  
Cuttin' up and acting like a clown  
Whenever there's a party you won't find me there  
I'll be out with Charlie's wife on the other side of town  
Here comes old life of the party...

If you're gonna throw a party have old Charlie come around  
He's a lot of fun so he won't mind  
But don't bother asking me I'll be busy as can be  
With the swinging little party that Charlie leave behind  
Here comes old life of the party...  
Here comes old life of the party...
