

Calabrese, The Young Princes Of Darkness

When you left
We needed you
you didn't care you didn't have to
never saying goodbye
Ohhh Where'd you go
Oh Oh Oh living a lie
Who am I?
Who am I?

Whoahhh
Are you lonely? Ohh
Are you lonely? Hey hey Oh

Can you feel the darkness
Someone standing behind you
from the crystal ball
The future and the past

When you stay, you'll feel complete
This is where you're meant to be
Your face so cold, you feel gutless
This is where you belong
I am your prince of dark
I know you wear the Lock
yes I control your mind
We are the same

Whoaahh
Are you lonely? Ohh
Are you lonely? Hey hey Oh

Can you feel the darkness
Someone standing behind on you
From the crystal ball
the future and the past

Hey!

Whoahhh
Are you lonely? Ohh
Are you lonely? Hey hey Oh

Can you feel the darkness?
Someone standing behind you
From the crystal ball
The future and the past
And the -----

Whoahh Oh Ohhh (3x)
