

Caleb Kane, Out There

Someday I hope to say I tried everything I could
I'm not sure I won the war, but you never fought so good
Should I take a longer view?
Should I take my time and follow through?
It's all I can do to keep breathing....

Is somebody out there to keep me in the fight?
Is somebody out there to take my side?
Is somebody out there to ease my troubled mind?
Cause I need someone with time to spare
I get caught all alone out there everytime

I find no room to grow when I look inside my soul
But I swear, there was something there that somebody came and stole
Same cross, different day
You get lost somewhere along the way
When there's no one left to believe in

Same cross, different day
You get lost somewhere along the way
When there's no one left to believe in you

Is somebody out there to keep me in the fight?
Is somebody out there to take my side?
Is somebody out there to ease my troubled mind?
Cause I need someone with time to spare
I get caught all alone out there everytime

I'm easy to find
Don't leave me behind
Don't leave me behind
No...
