

# Caliban, Ascent Of The Blessed

Ascent Of The Blessed

What is this place and why am I here?  
I see myself and nothing feels real  
I'm torn between this world and the next  
walking the line between life and death

I can see the other side  
Ascent of the Blessed  
Drawn by a blinding light  
I can see the other side  
Ascent of the Blessed  
I die, die, die

I slowly fade into memory  
I slowly fade  
Will you remember me!?

Making peace with my demons  
now that I see them  
I am finding my freedom, as I stop breathing  
I'm sinking deeper - can't beat the reaper  
all men are mortal, he will be there  
I'm looking back full of regret  
not ready yet - I'm cheating death (I kill death)  
This might be heaven - This might be hell  
I accept both, so farewell

I can see the other side  
Ascent of the Blessed  
Drawn by a blinding light  
I can see the other side  
Ascent of the Blessed  
I die, die, die

I slowly fade into memory  
I slowly fade  
Will you remember me!?

I'm torn between this world and the next  
Will you remember me!?  
I'm walking the line between life and death

I turn everything upside down  
I KILL DEATH!  
Time is ticking – ticking away  
Will you remember me!?  
I KILL DEATH!

I'm falling through the circles of hell  
I see my tired self  
at the end of the road  
There is no way to go  
My heart skips a beat  
makes me forget how to breath  
a void so dark and deep  
I'm about to fall into eternal sleep

I slowly fade into memory  
I slowly fade  
Will you remember me!?  
I slowly fade
