

Calibretto 13, The Proposal

Now love is one thing and sex is another
But they got together like bread and butter
People think they know it all but they are confused
That's why so many people get hurt and used
Now I'm waiting for you and you're waiting for me
So believe it or not I think we're meant to be
We've been through the smiles and we've been through the tears
We've been through hell and heaven in the last four years
Let me tell you something cos I think you're ready
I'm your boy and you're my honey
So open your ears and close your eyes
And baby get ready for a big surprise

Hey, you're the one who makes me happy
You're the one I want to marry
You're the one I want to be with oh oh oh
So please don't tell me no
I don't want you to go
You're the one I want to wake up with

Now when I first say you my eyes were glued
Forgive me, darlin', I don't mean to be rude
But you were the cutest mama I ever did see
So many guys agree I guarantee
But if you hurt me again I don't know what I'll do
I don't want to be alone I want to be with you
So many times you confuse me and I don't know what to do
But then again I'm a guy and I don't have a clue

Now love can be a very complicated thing
So don't confuse it with lust because it ain't the same
I know I love you from the bottom of my heart
You're God's creation, you're a work of art
Now I feel sorry for those who don't know how to love
It's a wonderful thing, it's a gift from above
Now baby I love you and I hope you can see
It's about time you married me!
