

# Califone, Pink And Sour

along your skin lost my language  
black lip and red carnation  
safe house safe  
tap shoes break union station marble  
wrapped in malpractice  
quiet in the sway  
oooo-sing to me pink and sour  
oooo-drop down drop down  
de-sung ribcages shelter  
wound river languid  
husk of old jet  
sweet light tavern in the morning  
taxi driver silent  
hard long hands  
oooo-kill the kitchen kitchen light  
oooo-drop down drop down  
safe house dead trying to whisper  
a soft vaccination  
cotton in the calm  
along your side lost my language  
on sand and smoke foundation  
loose in the sway  
oooo-sing to me pink and sour  
oooo-kill the kitchen kitchen light
