

# Calum Scott, If You Ever Change Your Mind

Hotel rooms  
Me and you  
No words to say so we laid there  
I kinda wished that we'd stayed there

Record straight  
You were safe  
I was the one needing saving  
You were too scared of the craving

I pulled away 'cause the pain's too strong  
And you were sayin' that we don't belong  
You're gonna lose me if you wait too long  
Tell me what am I to do with this  
I was right at your finger tips  
I'm moving on but it's you I miss

If you ever change your mind  
I don't know if I'll take you back  
But you know that I'll be thinking 'bout that all night  
If you ever change your mind  
I told myself I won't relapse  
But you know when you touch me like that  
I might

If you ever change your mind  
If you ever change your mind  
Your mind  
Your mind  
Your mind  
Your mind

Far away  
Made your move  
Better off keeping my distance  
But I forget with forgiveness  
And when I'm alone for long enough  
And the rain hits the pavement and lights are like that  
I think of you  
And if I held you one last time

If you ever change your mind  
I don't know if I'll take you back  
But you know that I'll be thinking 'bout that all night  
If you ever change your mind  
I told myself I won't relapse  
But you know that when you touch me like that  
I might

If you ever change your mind  
If you ever change your mind  
Your mind  
Your mind  
Your mind  
Your mind

I pulled away 'cause the pain's too strong  
And you were sayin' that we don't belong  
You're gonna lose me if you wait too long  
Tell me what am I to do with this  
I was right at your finger tips  
I'm moving on but it's you I miss

If you ever change your mind

I don't know if I'll take you back  
But you know that I'll be thinking 'bout that all night  
If you ever change your mind  
I told myself I won't relapse  
But you know that when you touch me like that  
I might

If you ever change your mind  
If you ever change your mind  
Your mind  
Your mind  
Your mind  
Your mind
