

Calum Scott, My World

I talk in my sleep every night
And think of the wrongs I'd make right
So I can give you my all undivided
Oh it's true, I don't know what else I would do
If life tried to take me from you
I'd promise I'd never stop fighting
I'll try my best to give you the best of me until there's nothing left
Give everything and nothing less to you
All the words I regret
All the things that we shouldn't have said
It's where we're going
Not where we've been
Hope you know I wouldn't change a thing
I'd pull down the moon
I'd go to space
To the end of the universe
I wouldn't hesitate
Just to make you see that you got all of me
And you are my world
I can't stand
Hit me so hard, avalanche
Knocked me off my feet I can't dance
Forever my heart in your hands
