

# Calvin Harris, Slide (ft. Frank Ocean, Migos)

[Intro: Frank Ocean]

I might  
Empty my bank account  
And buy that boy with a pipe  
Buy that boy with a pipe  
I might, I might  
Empty my bank account  
And buy that boy with a pipe  
Buy that boy with a pipe  
I might

[Chorus: Frank Ocean]

Do you slide on all your nights like this?  
Do you try on all your nights like this? (I might)  
Put some spotlight on the slide  
Whatever comes, comes through clear  
Do you slide on all your nights like this?  
Do you try on all your nights like this? (I might)  
Put some spotlight on the side  
And whatever comes, comes through clear

[Verse 1: Frank Ocean]

All this jewelry ain't no use when it's this dark  
It's my favorite part, we see the lights, they got so far  
It went too fast, we couldn't reach it with our arms  
Wrist on a wrist, a link of charms, yeah  
Laying, we're still a link apart  
It's like we could die here all young  
Like we could dye hair all blonde  
If we could see in twenty twin  
Twice we could see it 'til the end

[Verse 2: Quavo]

Put that spotlight on her face (spotlight)  
Put that spotlight on her face (ah, yeah)  
We gon' pipe up and turn up (pipe up)  
We gon' light up and burn up (burn up)  
Mama too hot like a (like what?)  
Mama too hot like a furnace (furnace)  
I got a hundred G's in my Goyard (G's)  
My diamonds gon' shine when the lights dark (shine)  
You and I take a ride down the boulevard (yeah)  
And your friends really wanna break us apart  
Good lord

[Verse 3: Offset]

(Offset!) Good gracious  
Starin' at my diamonds while I'm hoppin' out a spaceship  
Need your information, take vacation to Malaysia  
You my baby, the paparazzi flashin' crazy  
She swallowed the bottle  
While I sit back and smoke gelato  
Walk in my mansion, twenty thousand painting, Picasso  
Bitches be dippin', dabbin' with niggas like a nacho  
Took off her panties, diamonds dancin' like Rick Riccardo  
She havin' it  
When they call her workin' on The Bachelor  
I know you got a past, I got a past, that's in the back of us  
Average, I'ma make a million on the average  
I'm ridin' with no brain, bitch, I'm out of it

[Chorus: Frank Ocean]

Do you slide on all your nights like this?  
Do you try on all your nights like this? (I might)

Put some spotlight on the slide  
Whatever comes, comes through clear  
Do you slide on all your nights like this?  
Do you try on all your nights like this?  
Put some spotlight on the side  
And whatever comes, comes through clear (I might)

[Outro: Frank Ocean]  
I might empty my bank account (ooh)  
And buy that boy with a pipe (ooh, yeah)  
Buy that boy with a pipe  
I might, I might (slide)  
Empty my bank account (ooh, slide)  
And buy that boy with a pipe (slide, yeah)  
(Do you slide on all your nights like this?)  
Buy that boy with a pipe  
I might
