

# Calvin Richardson, Cross My Heart

There's one thing I'm sure about  
I can't live without your love  
Believe you me, I've tried to before  
But only ended up coming back to your door  
Wanting more of your gentleness  
The way you take good care of me  
You're the best  
I had to be unconscious  
Trying to front on you  
Lately I've been out pricing rings  
So I can put one on you  
'Cause it's long overdue

Hook:  
Cross my heart  
Swear that I will love you forever  
Through it all  
I'll love you for worse or for better

There's one more thing I'm certain of  
I lose track of time every time we're making love  
Even after falling out we spend more time making up  
Now what could possibly be better than waking up to  
I want you to know that I have never met  
Or known someone as beautiful as yourself  
Starting with your heart  
Moving to every body part  
You're a work of art  
Worthy of a precious stone

Hook

From here on out  
It's all about me and you  
Others have made it  
We can too  
Looming oh so bright  
Is our future

Hook (repeat to fade)
