

# Calvin Richardson, Falling Out

SPOKEN:

Everything changes  
You know  
Even the seasons  
If things are going wrong  
We need to sit down and talk  
Cause if we don't face this soon

SUNG:

(Chorus)

See the sun is going down (you're gonna live for me and now I'm gone)  
And I'm falling out of love (yea yea yea)  
I don't want to put you down (yeah yeah)  
Cause you taught me how to love  
And like a bee, I need your honey (I need you, I need you)  
Cause I'm hungry  
You started me  
Listen

We need to take some time  
And talk about (what's going wrong)  
The communication lines are getting weak (they used to be strong)  
We gotta get back the time when your eyes used to smile  
Every time  
Like a pillow on a bed so comfortable  
This is an emergency  
Can't you see you're losing me

(Chorus)

Said the sun is going down (hmm)  
And I'm falling out of love  
I don't want to put you down (no no)  
Cause you taught me how to love  
And like a bee, I need your honey (I need you, I need you, I need you)  
Cause I'm hungry  
You started me  
Listen

There's nothing in this world  
Means as much to me as you do  
Everywhere I go on Earth  
In and out of town  
Everybody knows (son that you)

It's so messed up  
I put you before my mother  
It's so messed up  
I put you before my daughter  
It's so messed up  
I put you before my son  
Now I'm in need  
In need of someone

(Chorus)

See the sun is going down  
And I'm falling out of love  
I don't want to put you down  
Cause you taught me how to love  
And like a bee, I need your honey (I need you, yes I do)  
Cause I'm hungry  
You started me

Said the sun is going down (on me baby)  
And I'm falling out of love

(I don't wanna) I don't want to put you down (never wanna walk away and leave you girl)  
Cause you taught me how to love  
And like a bee, I need your honey (I need you, I need you, yes I do)  
Cause I'm hungry  
You started me  
Listen

When it's cold outside, baby  
I won't be there to keep you warm, lady  
I know you're gonna miss me (you're gonna miss my love)  
I know you're gonna miss my love (you're gonna miss my time)  
Somebody say a prayer for me (you're gonna miss my love)  
I know you're gonna miss my love (gonna miss gonna miss gonna miss my love)  
Gonna hide summer nights (you're gonna miss my love)  
You're gonna miss me (you're gonna miss my love)  
I know you're gonna miss my love (gonna miss gonna miss gonna miss my love)

(Chorus)  
Said the sun is going down (said the sun is going down)  
And I'm falling out of love  
I don't want to put you down (I don't wanna put you down)  
Cause you taught me how to love  
And like a bee, I need your honey  
Cause I'm hungry  
You started me

Said the sun is going down (yeah)  
And I'm falling out of love (I need you)  
I don't want to put you down (oh no)  
Cause you taught me how to love  
And like a bee, I need your honey (I need you yeah)  
Cause I'm hungry  
You started me

(Chorus to fade)
