

Calvin Richardson, Put My Money On You

Chorus:

Put my money on you
Bet she won't abuse my love
No, she won't (yes, she will)
If she do (it's all good)
Many hearts in the house tonight
But I bet this shorty's gonna be my wife
If I lose it all, it's just money spent
As long as I can pay my rent

I ain't rich, I ain't poor
(Working at the corner store)
Taking out the trash and sweeping floors
(It's alright but I want some more)
8-5 7 days a week, I work (on a salary)
So I can't ball like the other guys ball
(What I got I put it on you)

Chorus

I know, I know
(This might sound a tad bit crazy)
I don't know for sure
(But I think I found an angels baby)
I met a girl in the club last night
(She could be my wife)
Now I'm 'bout to roll the dice
(Girl everything I got I put it on you)

Chorus

Been saving my pennies, nickels, and dimes
I knew one day I'd fine a girl just like you
She make my heart go pa pit pat
And I never had a girl do that
Oh yeah... I think I'm in love
Saaay...say girl I'm in love with you

Chorus (repeat to fade)
