

Calvin Richardson, Your Love Is

Girl the way I feel for you
I never felt this way before
Like a child that's born to grow
Comes a love the world should know
To share this love I feel so proud
Like a bird feel so free

That's what your love is
Perfect
Just like candy to a boy, oh so sweet
That's what your love is
Perfect
I get weak every time we meet
You're better than an angel from above to me

Girl the way you hold it down
Like you got the strongest hands
How your lovin makes me feel
Dont think you truly understand
Now baby in my darkest hour
How you shine your light on me

That's what your love is
Perfect
Like a broom in a room on a dirty floor
That's what your love is
Perfect
Like a pearl in a shell that's washed ashore
You're better than an angel from above to me

You're just like water in dry places
(dry places)
You've been my shelter in the time of a storm
(ooh ooh ooh)
You're not just a girl
You're my queen
I know you'll never turn your back and walk away from me

That's what your love is
Perfect
Like a broom in a room on a dirty floor
That's what your love is
Perfect
Like a pearl in a shell that's washed ashore
Better than an angel from above to me

That's what your love is
Perfect
Just like candy to a boy, oh so sweet
That's what your love is
Perfect
I get weak every time we meet
You're better than an angel from above to me
