

Cam Hodges, I Am Possible

Whoa I wonder
Can I keep around
Can I keep this alive, without her
Whoa I wonder
Can we stay apart and control who we are
If she's gone

You could be all and give up the better life
But you could be all and say that you care
And out of the doubt that you fill your mind with
We kick it around with all that we are
Whoa, whoa, whoa

Whoa I wonder
Can I keep around
Can I keep this alive
Oh can I keep alive
You could be all by yourself
And is this our goodbye

You could be all and give up the better life
Or You could be all and say that you care
And out of the doubt that you fill your mind with
We'll kick it around with all that we are
Whoa, you say there's a hero to come
We're not gonna stay here and wait
Can I be this hero within
And knock all those others away
Whoa, whoa

I gone wonder
On my own
If you can't find me
I'll be gone for long

You could be all and give up the better life
But you could be all and say that you care
And out of the doubt that you fill your mind with
We kick it around with all that we are
Whoa, whoa, whoa
