

Cam'ron, Halftime show

[Intro]

Killa, Dipset

Check my stats man (seventy-eight and O {78-0})

I got to be the best livin' man (you already know)

Holla at me

[Verse 1]

Like Alex Trebek, you're in "Jeopardy";

Yesiree, got the recipe

Give ya a tech, but nope, not a referee

Like Wyclef, I'm a refugee, rollie-wear

Cocky, don't play hockey, but have your mommy goalie gear

See the ice, grab the stick, hit the break pads

Get a knee pads, penalty, face mask

I face grab the don enter the donzinna

The don of don play the dug-out like donzimme

I hang wit Steinbrenner just to get my cash turn

I call my car Jamal, it get "Mashburn";

Crashburn, rest in peace, Dale Earnhardt

My cousin died the same way, hit that turn hard

So I stack from the gamblin'

Drop cash in the phantom

Play "DIPSET, DIPSET"; yeah, the National Anthem

Drive the seven series, to the World Series

I'm so serious I want the whole world

[Chorus x2]

Man I got to be the best livin'

That's a givin', check my stats

This the halftime show, what could mess wit that

Killa Cam' Killa Cam'

What's ya name huh? Killa Cam' Killa Cam'

[Verse 2]

Man you know how I line my backs

With they diamond crack

They slang to the rack, through the legs, behind the back

Wanna play for my team? Come sign the track

Treat you like a sprinter, I find the track

If you hype I got hyper men, Spiderman

In Minnesota my Vikings sell vikitins

I got clients connects, my alliance respect

I'm like New York football, Giants on Jets

Even Buffalo Bills, my deals up in those mills

But I still cop keys, fuck with those grills

Yeah, up in those hills, where they have chosen to feel

The face dive in the snow, nose in they grill

I be with Don King, if you a fighter, good

Fuck Tiger Woods, it's tigers in the hood

So come test the birdie, if ya stretched the dirty

Give ya your Quarterback like Testaverde

[Chorus x2]

Man I got to be the best livin'

That's a givin', check my stats

This the halftime show, what could mess wit that

Killa Cam' Killa Cam'

What's ya name huh? Killa Cam' Killa Cam'
