

# Camel, Curiosity

Sail, sail away,  
There you go.  
Why not let me come along,  
I won't tell no one.

Now our bodies have entwined,  
Touch me with your mind.  
Your dreams are a mystery,  
Please share them with me.

Curiosity is killing me,  
I just got to know.  
Curiosity is killing me,  
I just got to know -  
Where, tell me where,  
Where are you sailing...
