## Camera Obscura, Do It Again

Call my number 26 and three-quarters Turn down the lights now Let's do it again

You were insatiable I was more than capable And you fought in my corner Would you do it again?

You, you, you're walking around Can you see tears on this clown? I said one more time around Let's do it again

Said: "Call my number" 26 and 3 ,4 Turn all the lights down Let's do it again

You were insatiable I was more than capable And you fought in my corner Would you do it again?

You, you, you're walking around Can you see tears on this clown? I said one more time around Let's do it again

Let's do it again
