## Camera Obscura, Dory Previn

Fed up of girls in pretty dresses With boys who want to teach them a lesson Sick of the sight of my old lover Went under sheets and covers to get away from him

I can't see what he once meant to me I think it's time I put him out of my mind

So I took a glimpse of Montana Now nothing else matters I'll heal eventually How I adore you Dory Previn Turned you up to eleven for the band's ears to bleed

I can't see what he once meant to me Do you think it's time I put it out of my mind? Do you think it's time I put it out of my mind?

I can't see what he once meant to me Do you think it's time I put it out of my mind? I can't see what he once meant to me Do you think it's time I put it out of my mind?

I can't see what he once meant to me Do you think it's time I put it out of my mind? I can't see what he once meant to me Do you think it's time I put it out of my mind? I think it's time I let my love for him die
