

Camera Obscura, My Friend

My Friend
(Keep it clean EP - 2004)

You remain behind
Not so close to me
You don't know where I've been

You don't feel by my side
You remain so far from me
As I want to be from you

This place is so cold
Don't speak for me
I don't want to speak
It wastes my time
Don't make me laugh
Don't make me cry
Don't ask my name
Don't look into my eyes
My friend
