

# Camera Obscura, The Sun On His Back

He's got the sun on his back  
Where there are freckles I would die for  
Is he a family man?  
If I had the chance I would show him all I am

I like the sound of his voice  
I did me very best to impress him  
Always my first choice  
And I'm not ashamed to admit I've been uncool  
I've looked a fool

Do you feel lucky tonight (go out it's alright)  
Do you feel lucky tonight (go out it's alright)  
And I will wear a badge to show my delight
