

Camouflage, Back To Heaven

Time

no sense of time
no sense of no one
me and the endless sky.

Scenes

the fading scenes
the world that I've seen
a shade of transiency

Heaven

back to heaven
it's back on my mind
back with me.
should I stay or should I stumble
should I pray or should I run
to find a place
to live somehow.

Time

no sense of time
no sense of no one
me and the endless sky.

dreams

I'm giving in
sweat on my skin
a feeling so pure and clean.
